Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.

4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title “tab”, on the tray insert, is for CD case with a transparent tray. Remove this “tab” if the CD case has an opaque tray.
6. Fold the left and right long narrow title“tabs” to a 90 degree angle, away from the main tray cover portion. If the right-most “tab” is retained for a transparent tray, fold that “tab” 90 degrees again, away from the title “tab” next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.

10. Please appropriately discard this portion and the scrap bits of paper.

The Flower Garden

Ida Dandridge Bennett

The Flower Garden

This book is a good reference on the perennial flower gardening and landscaping. It contains information on growing the plants from seed and explains how to grow and care for the traditional garden flowering plants, bulbs, trees, and shrubs. There are sections covering all aspects of ornamental gardens including water gardens and caring for house plants in the winter. The author has lots of unexpected but good advice in her chapter of Don’ts, for example: "Don’t supply with cut flowers, plants and the like, people who spend more money for unnecessary luxuries than you do for your whole garden, and then tell you how foolish you are to spend so much time and money, and work so hard for your flowers." As this shows, the author is at times as colorful as the flowers in this informative book (Summary by A.L. Gramour)
